Every day, millions of professionals in business, law and government turn to LexisNexis® for powerful, precise and authoritative results for their critical research needs. With LexisNexis® Academic, students and faculty can access this valuable research tool from their home, office or other campus locations. This powerful, easy-to-use, Web-based service is tailored for the academic library, and is currently available in virtually all academic research libraries in nearly 2,000 colleges and universities across the United States.

“When students can’t find information, I always send them to LexisNexis and they are thrilled when they find all the information they are looking for and then some for their papers. Our faculty often use LexisNexis for their assignments.”

—Colorado State University Librarian
Powerful Customized Interface
LexisNexis Academic makes it easy to get relevant results quickly. The Easy Search™ form facilitates accurate research, and advanced tools streamline the entire research process. Improved customized search forms make it easy to narrow millions of articles to the most relevant pieces of information.

Unmatched Content
Over 10,000 business, legal and news sources make LexisNexis Academic one of the most robust and complete research tools in your library. Access thousands of newspapers, periodicals, television and radio broadcasts, newswires, blogs, corporate directories and financial information. Search deep backfiles of local, regional and national newspapers from around the world—in English and many European languages. Take confidence in complete coverage of U.S. federal and state courts, Shepard’s® Citations Service and access to hundreds of law reviews.

Interoperability
LexisNexis Academic works with your existing systems to manage your electronic holdings and put the right content in front of your patrons.
- E-Journals systems
- Article linking
- Federated search/metasearch

Content Review
LexisNexis aggressively pursues appropriate new content. Our advisory committee, made up of librarians from diverse academic institutions, reviews content additions and adheres to our collection development policy.

Powerful Source Selection
Search for a source by name OR identify sources by type, language, topic, geography, or other facets. Use the Source Information feature to display coverage details, publication frequency, online availability, publisher information, and to view sample content and search features.

LexisNexis SmartIndexing Technology™
LexisNexis SmartIndexing Technology™ ensures relevant results by applying controlled vocabulary terms for several different taxonomies to all LexisNexis news and business content. The Source Selection tool includes such attributes as publication type, language, geographic region and topic coverage. LexisNexis SmartIndexing Technology taxonomies are built and maintained by the LexisNexis Taxonomies and Indexing team, which consists of information professionals, lawyers, subject matter experts and analysts. The team also develops rules for index terms, which are assigned automatically to documents and sources, using a unique approach that combines the best features of human and automated indexing practices. All news and business content is reindexed every quarter to ensure that indexing is consistent, comprehensive and up to date.

Supporting the Mission of the Academic Library
LexisNexis® Academic & Library Solutions is dedicated to meeting the research needs of academic librarians and promoting information access.

Fast and Easy Access
Campus-wide access using IP authentication, support for secure remote and mobile access methods, and unlimited simultaneous access make LexisNexis Academic available to all your users.
Results Clustering
Results clustering technology provides an instant, multi-faceted analysis of the distribution of hits in each results set, allowing users to filter results and go directly to relevant information. After running a search in LexisNexis Academic, and obtaining results that contain more than one hit, results are displayed similar to the screen shown below.

Permalinking Capability
Permalinking enables users to easily capture and share links to documents for a variety of purposes, including:

- Bookmarking documents in a Web browser for easy access at a later time
- Adding document-level permanent links to user guides or course syllabi
- Sharing links with others on social media sites
- Emailing links instead of full documents

Bibliographic Export
Bibliographic export gives users the ability to download bibliographic information in RIS format, which can be imported into any other citation service, such as Zotero or EndNote®. In addition, citations can be displayed in MLA, APA and Chicago formats, then copied and pasted to bibliographic pages.

Pricing
Pricing is based on your institution’s full-time equivalent (FTE) enrollment. Substantial discounts are given to community colleges and library consortia to make LexisNexis Academic an outstanding value for all subscribers.
